

FCA Sports Camp Testimony

August 2017

The FCA camp that I went to in Decorah, Iowa was so fun! I loved being in huddles and getting to know all sorts of people that have the same interests in sports and faith as you do.

The clinics were awesome and it was so fun to compete with the other people there. My favorite part of camp though, had to be chapel. Playing games, listening to the band play, and hearing the sermon with all those people in all different sports was truly awesome! When I left, I immediately couldn't wait to go back next summer.
